— Klen

An ancient Japanese legend promises that anyone who folds a thousand origami cranes will be granted a wish. And this is the inspiration for our Klen collection.

Una antigua leyenda japonesa, según la cual se le concede un deseo a aquel que consiga crear mil grullas de papel, inspira nuestra colección Klen.

Its base is a very soft domed cement tile with a velvety touch, but the most characteristic feature of this series is the relief that recreates origami figures. Tiling, after all, is related to the art of folded paper: pieces are made one by one, folded and then pieced together to build the object.

Klen is available in six different colours: blue, terracotta, pearl, white, palladium and grey.

Su base es un cemento abombado muy suave de tacto aterciopelado, pero lo más característico de esta serie es el relieve que reproduce figuras de origami. La cerámica, al fin y al cabo, guarda relación con el arte del papel plegado: se hacen piezas una a una, se pliegan y luego se van sumando para construir el objeto.

Klen está disponible en seis colores diferentes: blue, terracota, pearl, white, paladium y grey.
